

Summer 2023 Review

- 72% of youth remediated subjects in Reading, Math, and Language Arts through Exact Path this summer.
- 60% mastered subjects during their first attempt at reintroduction.
- Over 1,000 new words were learned by members through Rhymes with Reason Program
- Average of 38 hours of program time completed in education-based learning programs.
- 161 hours of SEL learning, mindfulness, and de-escalation

Program Model & Design

Outcomes Focused

Reading & Math

Youth report increase in feeling confident in reading and math. They gained skills for growth and a pathway to success in their educational trajectories.

S.E.L.

Youth have the chance to forge supportive connections with adults. Club members report positive relationships and are secure that there are staff members who care about them and believe they will be a success.

Music and Arts

Young people have ample opportunities to engage in meaningful and motivating learning experiences. The majority of members report having opportunities at the Club to explore new things and feel like their ideas count.

*Teen Pathways

Teens have programming and a setting where they can safely be themselves and engage in exploration of planning various success paths for their unique skills, talents, and ambitions.
