

Mental Health First Aid Training

Mental Health First Aid teaches you how to identify, understand and respond to signs of mental health and substance use challenges among adults.

Providence's Mental Health First Aid (MHFA) trainings equip participants with the tools and knowledge they need to offer crucial support to individuals in crisis. Our **FREE** trainings are available in both English and Spanish and can be conducted in-person or on Zoom. Trainings provide a 3-year certification from the National Council of Mental Well Being.

What the training covers:

- Common signs and symptoms of mental health challenges
- Common signs and symptoms of substance use challenges
- How to interact with a person in crisis
- How to connect a person with help

Who should know mental health first aid:

- Caring individuals
- Employers
- Police officers
- Hospital staff
- First responders

Upcoming Virtual Trainings:

June 2, 2026
