

CALIFORNIA CHILD AND ADOLESCENT MENTAL HEALTH ACCESS PORTAL (Cal-MAP)

A CalHOPE Program Powered by the University of
California, San Francisco

Interested in free professional development on pediatric mental health topics?

Cal-MAP offers free training on child and adolescent mental and behavioral health topics for primary care providers (PCPs) and school-based staff. Trainings offer Continuing Medical Education (CME) credit and Continuing Education Units (CEUs). Credits offered:

- » American Medical Association Physician's Recognition Award Category 1 Credit™ (**AMA PRA Category 1 Credit™**)
- » American Board of Pediatrics Maintenance of Certification Part 2 Credit (**MOC Part 2 Credit**)
- » American Psychological Association (**APA**) Credit

**FREE
CME/CEU**

Webinars (Live and Pre-Recorded Lectures)

Webinar lectures with Q&A for PCPs and school-based staff, providing clinically focused training on addressing common mental and behavioral health conditions in primary care.

Project ECHO Series (Virtual Interactive Learning) Extension for Community Health Outcomes

Virtual interactive learning for PCPs and school-based staff covering evidence-based strategies for diagnosing and managing common mental and behavioral health conditions.

» **PCP Core and Advanced**

- **Topics:** Diagnosis, treatment, and medication management of Attention-Deficit/Hyperactivity Disorder (ADHD), anxiety, depression, autism, suicidality, disruptive behaviors, and other common mental health conditions in primary care.

» **School-Based**

- **Topics:** Bullying, disruptive behaviors, anxiety, autism, suicidality, and other common concerns in school-based settings.

**View our full list of trainings, and sign up for
free CME/CEU today.**
